Connecticut Federal Courts

County/Court Cross Reference

Since 1993, any case from any county may be assigned to any U.S. District Division. Counties assigned to a Bankruptcy Court are indicated in the profiles below.

Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/55.

- Profiled in this Sourcebook.

Details on the Court Structure

The **Superior Court** is the sole court of original jurisdiction for all causes of action, except for matters over which the Probate Courts have jurisdiction as provided by statute. Overall, the courts are divided into 13 Judicial Districts, 20 Geographic Area Courts, and 13 Juvenile Districts. The Superior Court - comprised primarily of the **Judicial District Courts** and the **Geographical Area Courts** - has 5 divisions: Criminal, Civil, Family, Juvenile, and Administrative Appeals. The Civil Division hears Landlord-Tenant and Small Claims. When not combined, the Judicial District Courts handle felony and civil cases while the Geographic Area Courts handle misdemeanors and limited civil cases. Divorce records are maintained by the Chief Clerk of the Judicial District Courts.

Probate is handled by city Probate Courts which are not part of the Judicial District Court system. In January 2011, the state judiciary consolidated and reduced the number of probate courts from 117 to 54 locations.

In May, 2006 the state centralized all small claims cases to the **Centralized Small Claims Office**. This location holds all records since that date. Older case files must be searched at the Geographic Area Courts - except all Manchester cases small claims files were forwarded to the Centralized Office. Small claims matters may be filed at the Centralized Office or at a local Geographic Court; however if filed at the Geographic Office the case is immediately sent to the Centralized Office.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

The following fees are set by statute; \$1.00 for a copy and \$2.00 to certify a copy page. A certified copy of a judgment file is \$25.00.

Probate information request requirements are consistent across the state - requesters must provide full name of decedent, year and place of death, and SASE. There is no search fee. The certification fee is \$5.00 for 1st 2 pages and \$2.00 for each additional page. The probate copy fee is \$5.00 for each five pages or fraction thereof. Fees are set by statute. Note that recent probate data is available online (see below).

The Superior Court Record Center

The Superior Court Record Center in Enfield, CT is the repository for criminal and some civil records and is open 9AM-5PM. Case records are sent to the Enfield Record Center from 3 months to 5 years after disposition by the courts. Records are maintained 10 years for misdemeanors and 20+ years for felonies.

Access is only granted with a case file number. This agency does not perform name searches. If a requester is certain that the record is at the Record Center and has the case file number, it is quicker to direct the request here rather than to the original court of record. Requests are accepted in person and by mail. Search requirements- full defendant name, docket number, disposition date, and court action. Fee is \$3.00 for each docket, \$5.00 if certified. Fee payee is Treasurer, State of Connecticut. Direct Requests to: Connecticut Record Center, 111 Phoenix Avenue, Enfield, CT 06082, telephone 860-741-3714.

Personal checks must have name and address printed on the check. If requesting in person, your check must have same address as your drivers' license.

Online Access is Available, Certain Case Types are Statewide.

The Judicial Branch offers web look-up to case docket information at www.jud.ct.gov/jud2.htm. Case look-ups are segregated into five types; civil/family, criminal/motor vehicle, housing (see below), juvenile, and small claims. Search statewide or by location for civil; only by location for criminal. The year of birth shows for criminal, but not for civil. The criminal and the motor vehicle case docket data is available on cases up to ten years after a disposition or bond forfeiture occurred. The system is strict about the ten year rule, no matter how serious the criminal case. The web page states civil cases are available from no less than one year and no more than ten years after the disposition date depending on location, but the number is usually closer to ten. There may be missing or unviewable data on the online system if the civil case was e-filed

Youthful Offender cases are not shown on the criminal/motor vehicle look-ups. To search statewide, leave the location field blank. For housing (landlord/tenant) cases, search by name, address, or docket number.

Criminal searches are generally considered to be onsite equivalent - civil searches are not.

Note the Housing case record search at www.jud.ct.gov/housing.htm is available only for Hartford, New Haven, New Britain, Bridgeport, Norwalk and Waterbury districts. However, Case records for summary process matters in Tolland and Meriden Judicial Districts can be found using the Civil/Family look-up.

Probate record case data for Probate Courts may be researched online by District at www.ctprobate.gov/Pages/Case-Lookup.aspx. Case data is available for all courts from January 5, 2011 forward. Records previous to that data may or may not be available - depending on the court.

Connecticut Recording Offices

- Organization:** 8 counties and 169 towns/cities. There is no county recording in Connecticut, all recording is at the town/city level. The recording officer is the Town/City Clerk. Be careful not to confuse searching in the following towns/cities as equivalent to a countywide search (since they have the same names): Fairfield, Hartford, Litchfield, New Haven, New London, Tolland, and Windham. Connecticut is in the Eastern Time Zone (EST).
- What can be recorded:** Documents recorded include judgments, liens including real estate related, mechanics, lis pendens, municipal/city/town, welfare, carpenter, sewer & water, trade names, maps, and state and federal tax liens on real property.
- Recorded Document Search:** Most towns do not perform real estate searches. Copy fee is usually \$1.00 per page. Certification fee is usually \$2.00 per cert plus copy fee. Copies of Vital Records are \$5.00, \$10.00 certified.
- Searching Tax Lien and UCC Records:** All federal and state tax liens on personal property are filed with the Secretary of State. Federal and state tax liens on real property are filed with the Town/City Clerk. Towns will not perform tax lien searches.
- Connecticut adopted Revised Article 9 on October 1, 2001. Financing statements are filed at the state level except for real estate related collateral which are filed only with the Town/City Clerk. A few towns will perform UCC searches of older records. UCC copy fee is usually \$1.00 per page.
- Online Access:** The State's Municipal Public Access Initiative has a web site of links to Town and Municipality general information at www.munic.state.ct.us.
- Online is at the county level. There is access to at least 61 Town Clerks' record indexes and images for a fee at <https://connecticut-townclerks-records.com/User/Login.aspx>. Data includes recorded land record and other documents, images are shown to subscribers.
- A number of towns offer free access to assessor information, many counties have access via a private database company. One notable vendor providing assessor property records, usually free, is www.vgsi.com/vision/Applications/ParcelData/Home.aspx. There are approximately 100 participating jurisdictions.
