Background check requests are available in two forms: 1) A personal identifier or name-based search; and 2) Fingerprint search. Email questions to machs@mshp.dps.mo.gov.

Indexing & Storage: Records available from 1970 on. Some records date to the 1940s. New records available for inquiry in 5 weeks.

Searching: Youth service providers must have signature of the subject. Include in request- full name, date of birth, and Social Security Number for the name-based search. Fingerprints are an option. A request form can be downloaded from the website. Records are 100% fingerprint-supported. Open records are accessible by the public. These are convictions or arrests less than 30 days old unless charges are sought, or suspended imposition of sentence during probation period. Certain entities may access closed record files in accordance with state statute, with submission of fingerprints and required fee. Per a 2012 DOJ Study, 67% of all arrests in database have final dispositions recorded, and 15% of all dispositions received cannot be matched to a specific arrest record.

Access by: mail, in person, online.

Fee & Payment: A name-based search is \$11.00 per request. A fingerprint search is \$20.00 (or

\$14.00 if for a concealed weapon search) . Add \$8.30 for fingerprinting. Add \$16.50 (\$15.00 if volunteer) if the fingerprint search to include an FBI fingerprint check. Fee payee: State of Missouri Criminal Record System Fund Prepayment required. Personal checks accepted. No credit cards accepted.

Mail search: Turnaround time: 4 to 6 weeks. SASE not required.

In person search: Turnaround time is normally within 30 minutes unless lists presented. Electronic (by diskette) request submissions for name-based searches are also acceptable and are encouraged when an entity or business is regularly submitting five or more name-based search requests.

Online search: Online access and retrieval at <https://www.machs.mshp.dps.mo.gov/MACHSFP/home.html>. An account must be first created and use of a credit card is required. The same \$10.00 fee applies plus a 'convenience fee' for each transaction. This fee is \$1.00 for 1 to 3 records, when more than 3 records are ordered, a sliding scale is used which will vary from 3% to 2.6%. Once an account is created, users may submit the name, date of birth, and/or SSN of a person. Requesters receive all Missouri open record criminal history information related to the individual - meaning convictions, arrests within 30 days, pending charges and suspended imposition of sentences during probation. All completed records are emailed in a PDF format to the user's account, usually within seconds unless further research is needed to determine a disposition. Data includes felonies, misdemeanors, and selected municipal ordinance violations.

Other access: Bulk/multiple requests can be submitted on diskette; prior arrangement and agency approval required. Responses are printed out, checked for accuracy and returned; however they cannot be returned on diskette. Alias or maiden names require separate search.

Searching Standards for Federal Courts:

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/55.

The Supreme and Appellate Courts

The Supreme Court is the court of last resort. The Missouri Court of Appeals is the intermediate appellate court and handles appeals from the Circuit Courts and all other appeals except those in the Supreme Court's exclusive jurisdiction. Appellate and Supreme Court opinions are available at the web page.

Courts and Jurisdictions

Court	Type	How Organized	Jurisdiction Highpoints
Circuit *	General	106 Courts (with Divisions) in 45 Districts	Felony, Misdemeanor, Civil, Small Claims, Eviction, Family, Probate, Juvenile
Associate Circuit*	General	Division of Circuit Court	Misdemeanor, Civil under \$25,000, Small Claims, Traffic
Municipal	Limited	470 - Division of Circuit Court	Ordinance

* Profiled in this Sourcebook.

Details on the Court Structure

The **Circuit Courts** are the primary trial courts in Missouri, and they have general jurisdiction over almost all civil and criminal matters. Each circuit court consists of divisions including associate circuit, small claims, municipal, criminal, family, probate and juvenile. The type of case determines the division to which a particular case is assigned.

At one time, every county had an Associate Circuit Court. Over the past few years the Associate Courts has been consolidated into the Circuit Court, with the Associate Court beginning a division of the Circuit Court. Since 01/01/2010, all Associate Courts are supposedly absorbed into the Circuit Court as Divisions. Herein we have segregated the Associate Courts when record keeping, fees and phone numbers indicated are not completely comingled with the Circuit Court.

The Municipal Court has original jurisdiction on municipal ordinance violations. A List of Municipal Courts is found at www.courts.mo.gov/page.jsp?id=7418.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

Many Circuit Courts do not accept mail or fax requests to perform criminal record searches and refer requesters to the MO State Highway Patrol Criminal Records Division. Those courts which will do a name search charge between \$1.00 and \$10.00, or no fee at all.

All courts participate in the Missouri CaseNet online system (see below). The public access terminals found in the court houses generally reflect the same content as found on the CaseNet access. However, since few identifiers are given, often an onsite search is needed to view file to confirm identity.

Online Access is Statewide for Trial Courts

Available at <https://www.courts.mo.gov/casenet/base/welcome.do> is **Missouri CaseNet**, an online system for access to civil, paternity, adult & child protection, and criminal docket data. The system includes all Circuit Courts, City of St. Louis, the Eastern, Western, and Southern Appellate Courts, the Supreme Court, and Fine Collection Center. Cases can be searched case number, filing date, or litigant name. A number of Municipal Courts also participate.

CaseNet search results show full name and address, and only the year of birth if available (click on Parties and Attorneys at case result page). Note the following statement found at the web page: "The information available on Case.net is provided as a service and is not considered an official court record." Since the CaseNet system is what the county court house public access terminals show on their screens, an online search of CaseNet is equivalent to an initial search of the public access terminal at the courthouse. The advantage of being at the courthouse is one can look at case files to try and determine the true identity of a search subject if there is a possibility of a false positive.

Not all courts have electronic documents available, only those using the Document Management System (DMS) within the Judicial Information System (JIS). If a document is available for viewing and printing it shows as a blue hyperlink on the screen.

Note some individual courts offer access to probate records outside of CaseNet. Since June 29, 2012, final judgment documents on domestic relations cases are longer available on Casenet.

Missouri Recording Offices

Organization:

114 counties and one independent city; 115 recording offices. The recording officer is the Recorder of Deeds. City of St. Louis has its own recording office. Watch for ZIP Codes that may be City of St. Louis or County of St. Louis. Missouri is in the Central Time Zone.

Types of Documents Recorded

The types of documents recorded include all transactions having to do with land such as Deeds, Deeds of Trust, releases, easements, surveys, plats, affidavits; as well as marriage licenses, and tax liens and court related judgments.

Recorded Document Search:

A few counties will perform real estate searches. Copy fee is usually \$1.00 per page, but many counties charge \$2.00 for 1st page. Certification fees are usually \$1.00 per cert/seal, but many counties charge more. Marriage License with certification fee \$9.00.

Searching Tax Lien and UCC Records:

All federal and state tax liens are filed with the county Recorder of Deeds. Tax liens are usually indexed together. Some, not many, counties will perform tax lien searches. Search and copy fees vary widely.

Until July, 2001, financing statements were filed both at the state level and with the Recorder of Deeds except for consumer goods, farm related and real estate-related filings which were filed only with the Recorder. Now only real estate relating filings are filed at the county level. In counties that will still perform a UCC search, the fee is usually \$14.00 per debtor name without copies.

Online Access:

A number of counties offer online access to records; there is no statewide system except the Secretary of State's UCC access.

A number of counties endorse a vendor for online access to land data. The Tapestry system is found at <https://tapestry.fidlar.com/Tapestry2/Search.aspx>. Fees are based either on a \$5.95 per search or ongoing customers can set up a flat rate plus a slight per minute if usage is surpassed.
