Searching Standards for Federal Courts:

District Courts indexed by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives,

the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/55.

The Supreme and Appellate Courts

The Supreme Court is the court of last resort. The Court of Appeals had four districts and hears appealed cases from the Circuit Courts.

Appellate and Supreme Court opinions are available online from the court web page.

Courts and Jurisdictions

Court	Type	How Organized	Jurisdiction Highpoints
Circuit*	General	72 Courts in 10 Districts	Felony, Misdemeanor, Civil, Small Claims, Juvenile, Traffic, Eviction, Domestic Relations, Estate
Probate*	Special	72 Courts	Probate, Estate
Municipal	Limited	237 Courts	Traffic, Ordinance, Juvenile

* Profiled in this Sourcebook.

Details on the Court Structure

Circuit Courts have original jurisdiction in all civil and criminal matters within the state, including juvenile, and some traffic matters, as well as civil and criminal jury trials. The Small Claims limit is \$5,000. The Clerk of Court is the record custodian.

The majority of **Municipal Court** cases involve traffic and ordinance matters.

Probate filing is a function of the Circuit Court; however, each county has a **Register in Probate** who maintains and manages the probate records, guardianship, and mental health records.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

Public access terminals are available at each court. Scanned documents of more recent cases may be viewed.

The statutory fee schedule for the Circuit Courts is as follows: search fee - \$5.00 per name; copy fee - \$1.25 per page; certification fee - \$5.00.

The fee schedule for Probate Courts is as follows: search fee - \$4.00 per name; certification fee - \$3.00 per document plus copy fee; copy fee - \$1.00 per page. Most Registers in Probate place pre-1950 records on microfilm and destroying the hard copies. This is done as "time and workloads permit," so microfilm archiving is not uniform across the state.

The retention schedule - of how long paper records files are kept by the courts - is found at <http://wicourts.gov/sc/scrule/DisplayDocument.html?content=html&seqNo=92737>. Per the law, in general civil is 20 years, family 30 years, felony 50 years, misdemeanor 20 years.

Online Access is Statewide

The Wisconsin Circuit Court Access (WCCA) is a public access website that provides open record information per state law §§ 19.21-.39. Users may view **Circuit Court** case information at <http://wcca.wicourts.gov/index.xsl>. Access is free; data is available from all counties.

Searches can be conducted either statewide or by a specific county. WCCA provides detailed information about circuit cases including criminal, civil and traffic. A docketed civil judgment search is also offered. Data throughput dates vary by county, but in general most counties have participated since the early 1990s.

Confidential court records not displayed include adoptions, juvenile delinquency, child protection, termination of parental rights, guardianship, and civil commitments.

The search allows a search by name, but if searching civil records, you cannot designate in the search if the subject is a plaintiff or a defendant. Also, the search result page may not reveal multiple defendant parties: the entire case must be reviewed. As a result, this can be quite cumbersome. Search results generally include the middle initial. The DOB is shown some of the time, and sometimes the DOB is only the month and year.

WCCA also offers the ability to generate reports. The probate records are included for all counties. Confidential court records not included are adoptions, juvenile delinquency, child protection, termination of parental rights, guardianship, restricted cases, and civil commitments.

Certain data on the WCCA site is available through RSS feeds, see the description located on the page above.

A Cautionary Note - In general, the online system provides the same access as the public terminals in the courthouse, except online access does not provide scanned document images. Also, while the information contained on the WCCA Web site has been entered by the official record-keepers in each county, it is voluntarily provided by county court staff. There is no mandate that all information must be reported. Note that WI has legislated that the WI Department of Justice to be the official record holder of criminal record information. So it is advised to check with an attorney if using the WCCA as the sole resources for pre-employment screening purposes.

Wisconsin Recording Offices

Organization:

72 counties, 72 recording offices. The recording officers are the Register of Deeds for real estate and Clerk of Court for state tax liens. County Clerks hold marriage records and state tax liens. Wisconsin is in the Central Time Zone (CST).

Types of Documents Recorded:

The Register of Deeds office is the official repository for all real estate records. Documents handled by the Register of Deeds include all real estate documents, realty-related UCC filings, federal tax liens, plats, survey maps, military discharges, birth, death, marriage, domestic partnership records and other instruments per Statute.

Searching Real Estate Records:

Registers will not perform real estate searches. Real estate record copy fee is \$2.00 for the first page and \$1.00 for each additional page. This is true for other records. Certification fee is usually \$1.00 per document but some offices charge \$3.00 for the first cert page. The Treasurer maintains property tax records.

Searching UCC Records:

Financing statements are filed at the state level except for real estate related collateral which are filed with the Register of Deeds. Prior to July, 2001, consumer goods and farm collateral were also filed at the Register of Deeds and these older records can be searched there. Most recording offices will no longer perform UCC searches; if they do, use search request form UCC-11. UCC search fee is usually \$15.00 per debtor name.

Searching Tax Lien Records:

Federal tax liens on personal property of businesses are filed with the Secretary of State. Only federal tax liens on real estate are filed with the county Register of Deeds. State tax liens are filed with the Clerk of Court, and at the State Treasurer at the State Department of Revenue. Not all Registers will perform federal tax lien searches. Tax lien search fees here vary, but copy fee is \$2.00 1st page and \$1.00 each additional page.

Land Information, Treasurer, and Assessor Offices Online Access:

In Wisconsin, the Assessor is at the municipal level. At the county level, the maintenance of assessment data is handled compiled by either Land Information Division or a component of the Treasurer's Office.

Most counties have some type of online access to recorded documents, many thru Tapestry (see below). The Wisconsin Register of Deeds Association website at www.wrdaonline.org/RealEstateRecords offers helpful guidance and links lists. Access recorder land data is available online in 23 counties by subscription from the Laredo or Tapestry system. The Laredo system is accessed from the Recorder's office web page. Fees are based on a flat rate by usage ranging from \$50 to \$250 per month plus a slight per minute if usage is surpassed. Coverage for multiple counties is offered by the Tapestry program from the same vendor. There is a \$5.95 fee per search and copies can be generated for \$.50 per page. You can pay as you go with a credit card or be billed monthly with a \$25.00 monthly minimum. Visit at <https://tapestry.fidlar.com/>
